# How we measure the garment

## WAIST WIDTH

Measure horizontally across the waistband from side to side.

## HIP WIDTH

Measure horizontally from side to side at the widest part of the hips.

## HEM WIDTH

Measure horizontally across the leg opening at the hem.

## OUTSEAM LENGTH

Measure from the top of the waistband down to the bottom hem along the side seam.

***Our sizing and fit team measures each garment individually to help you find the perfect size.***

***It can be helpful to compare these measurements with those of a similar garment you already own. To do this, lay the garment on a flat surface and take all measurements from the outside.***
