How we measure the garment

CHEST WIDTH

Measure horizontally from armhole to armhole across the chest.

ARMHOLE WIDTH

Measure horizontally across the armhole at its widest point.

LENGTH

Measure from the shoulder seam down to the bottom hem of the garment.

Our sizing and fit team measures each garment individually to help you find the perfect size.

It can be helpful to compare these measurements with those of a similar garment you already own. To do this, lay the garment on a flat surface and take all measurements from the outside.
