# How we measure the garment

## CHEST

Measure from one side to the other at the armpit level, with the garment laid flat.

## HEM WIDTH

Measure horizontally across the leg opening at the hem.

## OUTSEAM LENGTH

Measure from the shoulder seam to the bottom edge of the garment.

***Our sizing and fit team measures each garment individually to help you find the perfect size.***

***It can be helpful to compare these measurements with those of a similar garment you already own. To do this, lay the garment on a flat surface and take all measurements from the outside.***
